WHO WE ARE

# A manufacturer built for *brands that are growing*

## Rivamora makes skin, hair, body, sun, colour, fragrance and oral care products for other brands, under their names.

Brand owners choose from 504 ready formulas in 21 formats, or ask our chemists for a new formula. We work with start-up beauty brands, established labels, salons, pharmacies and import distributors across Asia, Africa, Latin America, the Middle East, Europe and the UK, the CIS, Australia and New Zealand.

Every order starts at one 150 kg batch per formula, so a new brand can launch a complete range and test its market without large minimums.

SERVICES

# Everything between *idea and export*

## Private label

Choose ready formulas from our catalogue, add your brand, fragrance and colour, and launch quickly with proven products.

## Custom formulation

Send a brief or a benchmark. Our chemists develop a new formula with your actives, claims and texture, then run stability tests.

## Packaging and decoration

Bottles, jars, tubes, airless pumps, sticks and compacts, with printing, labels and cartons to your artwork.

## Regulatory documents

Certificate of analysis, INCI list, stability data, MSDS, GMP and free sale certificates for product registration in your market.

## Export logistics

FOB India or CIF your port, with commercial invoice, packing list, certificate of origin and bill of lading or airway bill.

## Quality control

Every batch tested against its specification and released with a certificate of analysis before filling.

HOW WE WORK

# Five steps, *six to ten weeks*

STEP 01

## Choose

Pick formulas from the catalogue or send a brief for a custom formula.

STEP 02

## Approve

Approve samples, the pack and your artwork.

STEP 03

## Comply

We check the formula and label against your market's rules and supply stability data.

STEP 04

## Produce

Production, batch testing against the specification, filling and packing.

STEP 05

## Ship

FOB India or CIF your port, with the full document set.
